

# Abdul Basit

Web Developer | MERN Stack | Next.js Enthusiast

■ Pakistan | ■ basitprogrammer46@gmail.com | ■ github.com/Basit46l | ■ abdul-basit-one.vercel.app

## SUMMARY

Junior Full Stack Developer with hands-on experience in building modern web applications using Next.js, React, Node.js, MongoDB, and Laravel. Skilled in frontend and backend development, JWT-based authentication, and database design. Currently learning Python and exploring AI/ML applications to expand development capabilities. Passionate about problem-solving and delivering efficient, scalable solutions.

## SKILLS

**Frontend:** HTML, CSS, JavaScript, React, Next.js, TailwindCSS

**Backend:** Node.js, Express.js, MongoDB (Mongoose), JWT Authentication, Laravel

**Tools:** Git, GitHub, Cloudinary, Figma, MS Office

**Learning:** Python, AI/ML, Voice Assistants

## EXPERIENCE

### Trainee Assistant – Confidential Project

*1.5 Year Paid Training*

- Built and maintained multiple web modules using HTML, CSS, JavaScript, and PHP.
- Gained hands-on experience in documentation and real-world project collaboration.
- Contributed to secure and efficient backend workflows for confidential systems.

### Projects (Ongoing)

- Designed and developed full-stack web applications with React, Next.js, and MongoDB.
- Integrated secure JWT authentication and cloud-based media storage.
- Built responsive UIs using Tailwind and optimized APIs for smooth performance.

## PROJECTS

### School Management System (Next.js, MongoDB, JWT) (Ongoing)

- Features include student management, teacher assignment, attendance tracking, class scheduling, and document uploads.
- Implemented conflict-free class assignment system (avoiding teacher/class overlaps).
- Designed scalable backend with Mongoose models and JWT-based role authentication.
- Currently expanding with real-time features and enhanced teacher/student dashboards.

### E-Commerce Website with Admin Portal (Laravel, MySQL)

- Built a complete e-commerce system with product catalog, cart, checkout, and secure payments.
- Developed backend admin portal for product, order, and user management.

### News App (React & API Integration)

- Created a dynamic news platform pulling real-time articles from APIs.
- Implemented category filters, search functionality, and responsive design.

## **Real Estate Website – Alaina Estates (UI/UX Design)**

- Multi-page responsive website with pages like Home, About, Site Plan, Floor Plans, Gallery, Neighborhood, and Contact.
- Inspired by professional real estate design references.

## **EDUCATION & TRAINING**

### **Diploma in Web Development**

Covered HTML, CSS, JavaScript, PHP, and databases.

### **1.5-Year Paid Training as Trainee Assistant**

Practical training with web development, documentation, and confidential projects.

## **INTERESTS**

Artificial Intelligence, Voice Assistants, Full-stack Development, UI/UX Design, Continuous Learning.
